

theDVIswitcher

DVI, USB and Audio Switcher

2x1 Switch
Switches DVI,
USB and audio between
two computers.

Features

- Saves money on hardware costs
- Saves space on your desktop
- Saves time - increases productivity
- Maintains highest resolution video
- Use either PC or Mac with USB keyboard/mouse
- Switches easily between any two computers
- RMT-2 Remote control Unit
- Rackmountable

Includes

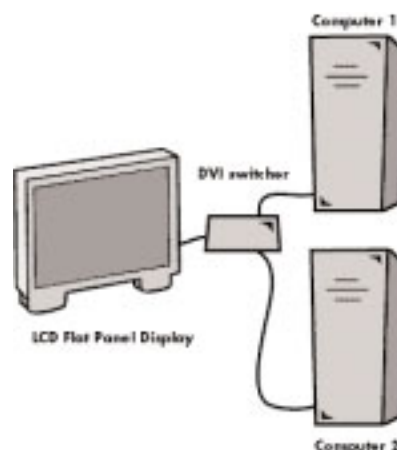

1. the DVI Switcher
2. 2x 6' DVI cable (m-m)
3. 2x 6' USB cable (A-B)
4. 2x 6' audio cable
5. 12V power supply

Now you can switch easily and reliably between any combination of two computers using only one DVI display monitor, USB keyboard and mouse.

The DVI Switcher saves space – there's no need to work on a desk crowded with double monitors, keyboards and mouse devices. It saves time – there's no need to move from one monitor to another to access different computers. And it saves money – there's no need to purchase additional monitors, mouse devices, keyboards etc.

How it works

Simply plug the DVI Monitor, USB peripherals and audio directly into the switcher output. Connect the supplied cables to the the switcher inputs and to the computers you want to control, and press select, or switch remotely using the RMT-2 remote control.
