

GoldX[®] USB Active Extension Cable GX3005

The GoldX[®] PlusSeries[®] Hi-Speed USB Active Extension Cable will allow you to easily extend the length between your USB port and device. This cable will replace the use of a hub and bulky adapter. You simply plug the cable into a powered USB port and the device into the other end. The cable is detected as a Hi-Speed USB Hub so no driver installation is required. USB 2.0 technology enables you to access your pictures, music and information at up to 40 times faster than USB 1.1 alternatives, which also makes it perfect for video capture and surveillance applications.
