

GoldX[®] KVM Switch

GX3401

The GoldX[®] 2 Port KVM Switch w/Audio will allow you to increase your available workspace. You will reduce clutter around your desktop by use of Integrated cables and easily share a set of speakers and a microphone between the two computers.

You can, with GoldX[®] 2 Port KVM Switch w/Audio, efficiently control up to 2 computers with one keyboard, mouse and monitor. You are able to quickly switch between computers by use of Hot-Key combinations without having to lift your hands off the keyboard. Included with this speed and efficiency is the ability to accommodate virtually all your application requirements, with the GoldX[®] 2 Port KVM Switch w/Audio supporting up to a 2048 x 1536 resolution.
