

GoldX[®] KVM Switch

GX3402

2 Port Flash Upgradeable

The GoldX[®] 2 Port KVM Switch will allow you to increase your available workspace. This is due to the compact design, which ensures usefulness and practicality in almost any work environment, as you easily and efficiently maintain control over all of your computers.

Such efficiency allows you to control up to 2 computers with one keyboard, mouse and monitor. Included with this efficiency is the ability to accommodate virtually all your application requirements, with the GoldX[®] 2 Port KVM Switch supporting up to a 2048 x 1536 resolution, thus making a perfect solution for a small work or home office

For each computer:
