CAT5 • 2000
KVM & USB Extender

Extend your video and USB with CAT-5 cables up to 330 feet away from your computer

- CAT-5 cable for extension
- Saves money on cable and hardware costs
- Saves space on your desktop
- Convenient, flexible and expandable
- Increases productivity
- Eliminates computer noise where you work
- Maintains highest resolution video
- Supports any type of monitor
- Supports DDC and Mac sense lines
- Installs in minutes
- For PC or Mac computers using PS/2, ADB or USB
- Uses Extreme USB™ technology

Ideal for:

- Managing IT Center from local and remote locations
- Any workspace where CPU fan noise is distracting
- Locating your hardware and users wherever it is most convenient
- Centralizing CPUs in a server room
- Manufacturing and Industrial Environments-keeping the CPU in an isolated, safe and secure location
- Classroom & Corporate Training
- Recording Studios
- Aerospace/Military

CAT5 • 2000
 KVM & USB Extender

Extend your video and USB with CAT-5 cables up to 330 feet away from your computer

CAT5•2000 S/R
CAT5•2000 G - USB
CAT5•2000 I - USB

The ex•tend•it CAT5•2000 extends your video, USB keyboard and mouse up to 330 feet from your computer. The CAT5•2000 keeps your desk clutter-free, relocating your computer to a safe and secure area, while allowing you to work in a quieter environment.

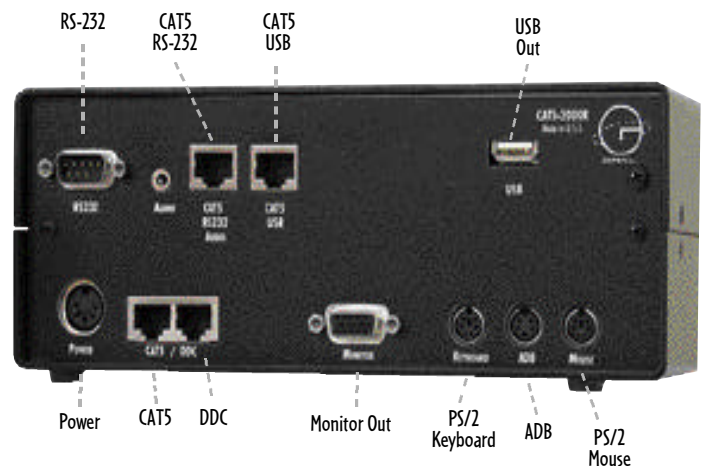

How it works:

The CAT5•2000S sender unit sits next to your computer. Cables supplied with the CAT5•2000 package connect your computer to the send unit. The CAT5•2000R receive unit sits next to your monitor, keyboard and mouse - up to 300 ft. away. Your monitor, keyboard and mouse plug into the back of the CAT5•2000 receive unit.

CAT5 cables connect the CAT5•2000S and the CAT5•2000R units to each other.

The CAT5•2000 G-USB model supports USB extension to 25 feet away. The CAT5•2000 I-USB model extends up to 330 feet away.
