1U Sliding Depth-Adjustable Vented Shelf for 4-Post Racks

Networx SKU: **SU-4PS-ADJ** | GTIN: 00845425023391 | Shelf

The Networx® 1U Sliding Depth-Adjustable Vented Shelf holds non-rackmount equipment such as modems, routers and small UPS units in a 4-post rack or cabinet. The shelf pulls out like a drawer for easy access to equipment, and its rails adjust the mounting depth from 550 to 1150 mm to fit a wide range of enclosures. The vented deck helps heat escape. It is built from SPCC cold rolled steel with a black (RAL 9005) powder coat finish.
